LEVELWEAR FITTING CHART

Fit is one of the foundational building blocks of all garments Levelwear produces. Many factors are taken into account with each fabric and each style to ensure our fits are consistent, comfortable, and look great on the wearer for a variety of applications. Being very in tune with our core customer demographics, we focus on two key fit profiles throughout our collection: Classic Fit and Modern Fit.

Our Classic Fit is featured in about 80% of the Levelwear collection and is a traditional cut that IS ideal for all body

types. Whether you are playing golf, cheering on your favorite team, or going about your daily activities, the classic fit is your everyday wearable go to.

It is accommodating in the shoulders and chest, long enough in the body so it won't come untucked while being active, and generous in the sleeves to provide full coverage. Our Modern Fit reflects emerging trends with its slightly shorter sleeves & fitted body. This creates a trim and athletic look, while still providing full functionality for a variety of body types.

Comfort and enjoyment of any garments is ultimately determined by the fit. We are confident that the Levelwear fit will not disappoint.
